A must know for Online shoppers: www.ebates.com

The holiday season is here and its time to shop and get the best deals possible. I know I have mentioned this topic in past newsletters, but its time to really save some money and also we have a lot of new customers on this email blast.

www.ebates.com is where you need to go first when shopping online!! This site is just a marketing place for most online stores. Go sign up its FREE! You will get cash back everytime you shop online when shopping with the stores they have listed, probably your store will be there. Major ones like, Ugg Australia, WetSeal, Victoria Secrets, Macy's, JCPennys, etc.....

First go sign up.....when you do....a little window will prompt you to sign up, just close out of that window...go to the top of the page and click on the "sign up" link..it will ask for your email address, choice a password, and then a referral email address...You can put mine in: phasetwoclothing@gmail.com. When you do this it will give us both \$5.00 free! However, this is not about me, if you do, thanks so much. Most importantly, you will save money everytime you shop online, always go to the ebates site first when shopping, they will then connect you to your store and they keep track of your savings. They send out a check every quarter.

I want you to save as much money as possible when shopping.

Another thing, most online retailers allows you to stack your promotions. If you are shopping a particular store for example: [jcpennys](http://jcpennys.com), most online stores are offering Free Shipping, \$10.00 Off,

etc.....you may not know of the savings.....but they will allow you to stack the savings discounts.....you just need to know what they are.....most of the time just google it....type in "coupon code for jcpennys" and it will come up. Another site is www.retailmenot.com, this site has a lot listed as well. You need to copy and paste the coupon code and apply it when you go through the check out, keep applying the codes when it prompts you to do so.
